Re: Petition of Maureen Wright requesting a timely response to her records requests

Dear Ms. Wright:

On June 27, 2022 you submitted a petition to this office challenging Portland Community College's response to four of the public records requests you have made of them. There have been many messages exchanged since you submitted your petition and this order addresses solely the allegations raised in your initial petition that PCC had failed to timely respond to your requests. Specifically, you asserted that PCC had not responded to: Request 22, Shingledecker CIS Grievance Historical Records; Request 23, Sarah Ray CIS Grievance Historical Records; Request 24, Documents between Dean Batazhan and HR related to you; Request 25, Spring 2021 Annual Assignments for Brandy Walton.

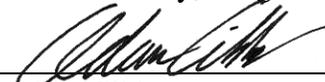

Counsel for PCC, Ms. Rawlinson, responded to your petition by way of a letter dated July 7, which you were copied on, and a follow-up email on July 17, which you were also copied on. In the aggregate these communications indicate that PCC has provided responsive records, or indicated it does not have any, as to each of the challenged records requests. Given the current state of this matter, I must conclude that the petition is moot. *Petition of Barnes*, MCDA PRO 17-25 (2017) ("Our evaluation of a public records petition is not based on the process that preceded the filing of the petition, but rather on the circumstances as they exist on the date of our order.") I understand you have raised further concerns regarding the substance of PCC's responses, but that is beyond the scope of the issues presented in your June 27, 2022 petition.

### ORDER

Accordingly, the petition is denied as moot.
